

Unwanted Christmas Presents

Did you receive any unwanted toiletries as presents at Christmas?

If the answer is yes, please would you consider donating them to our patients? Sometimes patients arrive at the hospital unprepared or with nothing for a variety of reasons eg no money or no relatives to bring in basic toiletries. The Northfleet and Ebbsfleet Lions club very generously supply patients with emergency kits which last for a few days but it would be nice if we could offer

some additional items as well. The aim is to collect as many unwanted toiletries as possible and distribute them around the wards for the nursing staff to hand out as and when needed. Items which would be very useful are shower gels, deodorants, toothpaste, combs etc (no soaps please).

If you have any unwanted unopened toiletries that you would like to donate to the patients please can you take them to Giovanna Richards, Staff Education on Level 1 in the Philip Farrant Centre or contact her on

Giovanna.Richards@dvh.nhs.uk
