

# Cake Decorating on Willow Ward

After the success of last year's event, the Carillion Catering Department approached the Willow team again to organise another cake decorating session for the children. This proved to be another great morning, with the standard being extremely high. Medals of achievement were awarded to all the patients involved by Chris Cheel, Carillion catering deputy. The certificates they received were then laminated and used as place mats for mealtimes during their stay.

Carillion have been fortunate to be able to support Willow in variety of events and although the facilities and support are excellent, it's great to be able to add something extra to the patient experience.

Carillion feel it's extremely possible to take this type of initiative to the wider audience within Darent Valley in the near future.
