

# Thank You Rowan Ward

On the 8th March, Richard Burns and his wife Jane visited Rowan Ward to present Senior Sister Maggie Bray with a cheque for £1,200. The money was raised through running three quiz nights and several superb donations. Richard was a patient on Rowan Ward for six weeks back in August 2015 after requiring emergency surgery.

Richard said *"The treatment from all the staff in that ward was second to none, and not just from the nurses. All the auxiliaries and everyone that worked in that ward were brilliant. Therefore, I decided to run some quizzes to try and get some money raised as my way of*

*saying thank you to all the surgical and nursing team that effectively saved my life. The quizzes were a brilliant success with many people who attended commenting how they too had been a patient or Rowan Ward or if not them, their family members."*

Maggie said *"We would like to sincerely thank Richard, Jane and all of those who attended the quiz evenings. We would like to spend some of the money on enhancing the care for our patients on Rowan Ward with a few little extras. The staff are currently coming up with ideas of things that they feel would be beneficial"*.
