

A Message from Vera Maria Nunes, Nurse on Palm Ward

Vera Maria Nunes, the Red Cross President and 2 volunteers

I just wanted to say a huge thank you to everyone for supporting me with my Madeira fund. I have just returned from home (Madeira) and it was devastating to see the state of my beautiful paradise but I am sure it will recover soon.

I went to the Red Cross in Maderia and they gave me a list of items they needed. Outside of the Red Cross building there was families waiting to be given something, anything.... it was heart braking... but very rewarding to be able to help them.

The list I was given was mainly small appliances and baby items. So I went shopping with the funds raised and you have no idea how many items I managed to purchase microwaves, kettles, blenders, cooker, irons, loads of baby stuff - nappies, baby wipes, hygiene products for babies and adults, food... you name it I got it.... So in the name of my home, my friends, my family and all the Island families I want so say a huge thank you for all of your support and spreading the word. There are still lots of things to do in Madeira but this was a great start, thank you again
